

Medication Therapy Management (MTM)

■ Drive Positive Health Outcomes and Medical Cost Savings

AdhereHealth Medication Therapy Management (MTM) helps Medicare Advantage plans maximize drug therapy problem (DTP) resolution while improving performance on the MTM Star Ratings measure. Our MTM offering is available as a software-as-a-service (SaaS) model for providers and retail community pharmacies, or as technology-enabled services via our nationwide clinical team. By combining data-driven technology and clinical insights, the solution helps plans empower the efforts of pharmacists during comprehensive medication reviews (CMRs) to surface and resolve previously uncovered pharmacy gaps for quantifiable medical cost savings.

■ Unrivaled Advantages

-  Data analytics platform to accurately identify eligible members
-  Ultimate CMR effectiveness through alignment of medical and pharmacy claims for maximum DTP resolution and medical cost reduction
-  Omnichannel program options for increased enrollment and CMR capacity
-  Choice of partner-deployed clinicians for high-quality services for staff augmentation and burst capacity
-  Identification of additional cost-savings opportunities for alternative specialty drugs or sites of care, or formulary-based medication swaps
-  Simplified clinician experience through intelligent clinical workflow and easy-to-use interface

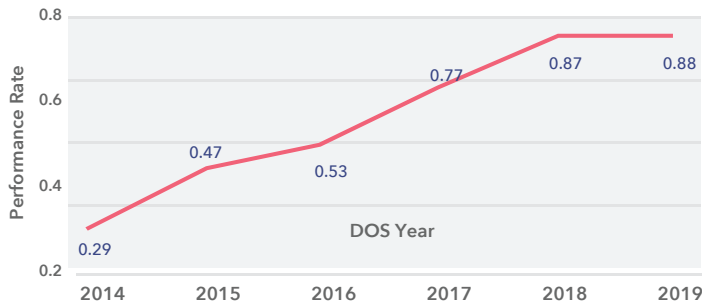

■ Key Benefits for Medicare Advantage Star Ratings

-  Improve Star Ratings
-  Significantly Reduce Medical Claims Cost
-  Improve Regulatory Compliance
-  Pinpoint and Close HEDIS® Gaps
-  Increase Medication Adherence
-  Improve MLR

Longitudinal Success Story: Large Regional Blues Plan with 262,000 Members

- MTM Star Measure increased from 1 to 5 over 5 years
- 59% absolute increase in CMR completions using our solution
- Our SaaS solution was deployed across the Health Plan’s internal MTM team, provider network, and retail pharmacies

CMR Completion Rate Over Time

AdhereHealth Partners with Clients to Augment MTM Services as Needed

Client CMRs by Source

CMRs by Provider Group

Client CMRs By Source by Month

By empowering the health plan’s internal clinical team, network pharmacies, and numerous provider practices, the AdhereHealth solution maximizes consumer touch points throughout the healthcare continuum.

Ready to get started?

Maximized DTP gap closure helps MA plans support the best possible health outcomes, avoid future medical spending and maximize future cost savings. This can help fund (in whole or in part) MTM program expansion proposed by CMS.
